ABOUT ME

With many years of experience in travel and content creation, I'm passionate about creating unforgettable family holidays. Having travelled to and experienced some amazing destinations with my own family, I love using my personal experiences and knowledge to create holidays that are exciting, memorable and perfect for families. I also love capturing content along the way, sharing the places, experiences and little moments that make family travel so special.

FAVORITE HOLIDAY MEMORIES

One of my favourite family memories has to be our trip to Cyprus. My three children absolutely loved it, and it was one of those holidays filled with moments we'll always remember. I love the Caribbean too, especially the incredible food, relaxed atmosphere and beautiful turquoise waters.

We've been lucky enough to enjoy so many wonderful family trips over the years, and for me, these are truly some of the best times in life. When I'm not travelling with my family, I also love a long weekend away with friends, enjoying great food, drinks, plenty of laughs and a good party!
