ABOUT ME

I've worked in travel for 22 years, and my real passion is Southeast Asia, especially Thailand. I love creating holidays that combine fun, adventure and relaxation, making sure you get the very best out of your time away.

With my first-hand knowledge and experience, I can create the perfect itinerary, whether you want to explore, experience the local culture, relax on beautiful beaches or simply make the most of every moment. I love creating holidays that feel effortless, exciting and completely tailored to you.

FAVORITE HOLIDAY MEMORIES

Some of my favourite travel memories have been made all over the world, from the Great Barrier Reef, hot-air ballooning over the Yarra Valley and exploring the Blue Mountains in Australia, to skiing trips and long weekends filled with plenty of fun and late nights. More recently, I've loved cruising around the Greek Islands and snorkelling in Fig Tree Bay in Cyprus which is one of my favourite beaches. I love that travel can be so varied, from adventure and exploring to sunshine, relaxation and a great party!
